

Good afternoon Seaman Families,

Hope you are enjoying this lazy Sunday. Friday night's Family Game Night was a lot of fun. We had a large turnout and there was definitely something for everyone. Thank you to our PTA for organizing such a great event.

This week we start creating and collecting "Valentines for Veterans." All grades will be participating. The Department of Environmental Conservation will be back on Friday to present to our third and fourth graders. The third grade workshop is on the study of bones and skulls, and the fourth grade will be learning about the different defense systems of animals.

Our Peer Leaders are still collecting "Pennies for Patients." There are collection boxes in the main office and the lobby. These funds will be going to children with lymphoma and leukemia. Please send in your loose change.

Enjoy last week's Tweets by clicking below.

Have a good evening,

Ivy
