

Good afternoon Seaman Families,

We had a wonderful week with a lot of exciting events. Our classes have started to go on class trips. This week grade 1 students went to the Queens County Farm, and next week our kindergarteners will be going to Schmitt's Farm. Our students enjoy the Fall experience with hay rides, pumpkin picking, and viewing the farm animals. Our teachers do an awesome job of integrating these experiences into the curriculum. Our annual Cardboard Challenge took place on Thursday, October 4th. It is always a favorite day of the year for our students. Creating different structures from castles in grade 4 to haunted houses in grade 2, has our students using their creative juices to plan, design, and execute their projects. All grades participated.

Today our families had the opportunity to enjoy the PTA Fall Harvest Sale. We had a perfect day to shop for plants and fun Fall items. We hope everyone joins us for the District Safety Forum next Thursday night at 7:00pm, in the High School auditorium.

Please click the link below to view our Tweets from this past week.

Have a wonderful long weekend,

Ivy
