

Good afternoon Seaman Families,

This was a short but busy week. On Monday, our kindergarten students enjoyed their trip to the Jericho Public Library to listen to and meet author, Tim Miller. It was a great introduction to the writing process. Our first Open House took place today in our fourth grade classes. Students and their parents had the opportunity to explore mathematical concepts through math games.

The SCOPE After School Enrichment program begins next week (formerly Cultural Arts).

Please contact Mrs. Verone at dverone@jerichoschools.org if you have any questions.

In addition, our fifth graders, along with the fifth graders from Cantiague and Jackson, will be going to the Winter Garden Theater on Wednesday to see School of Rock. Please click the link below to see our Tweets from the last few days.

Enjoy this special time of year with family and friends.

Have a wonderful Thanksgiving!

Ivy
