

Dear Seaman Families,

Yesterday's STEAM Day for students in grades 3-5 was a huge success. It was so much fun watching our students participate in hands-on science, engineering, and robotics experiences with their families. It was obvious the adults were having as much fun as their children. In addition, Friday's Community Read-In was not hindered by the wet weather. The children loved seeing their coaches, neighborhood store owners, medical professionals, firemen, EMT's, and even Dr. Gately and Mrs. Faust joined us. As always, a huge thank you to our PTA for organizing this very special annual event.

Please be advised that anyone entering the school during formal school hours will have their ID checked and will be required to sign in and wear a Visitor's badge. Please allow enough time to do so. I recommend arriving at school earlier than you normally would depending on the size of the event, i.e., Book Fair - you might want to give yourself extra time when meeting your child's class at the Book Fair.

Speaking of the Book Fair, tomorrow night is our Book Fair Preview and Storytime for kindergarten and grade one students. Our kindergarten and first grade teachers are looking forward to sharing a good read aloud with their students from 6:30-7:00pm. Don't forget to bring your children in their pajamas. The Book Fair preview will run from 6:00-8:00pm. All children are invited to come and preview books with their families.

Safety and security continue to be an on-going discussion. I will keep you apprised of any developments. As noted in Friday's email, we continue to practice safety drills quite successfully. These drills would be taking place regardless of the horrific shooting in Florida. They are required by NYS. Never hesitate to reach out if you have any questions or concerns.
